

Housing Resources

PATH

PATH Los Angeles provides a variety of services for our neighbors experiencing homelessness that include employment, outreach, homelessness prevention, housing navigation, interim housing, rapid rehousing, and permanent supportive housing. For questions about PATH's housing and social services, call 211.

Mental Health of America Los Angeles (MHALA)

MHALA assists residents with housing needs at each step in the process—from housing search to acquisition of housing subsidies to housing retention services. In addition to having staff on each team with expertise in housing issues, MHALA has a housing department in each geographic area that we serve. Once an individual is matched to MHALA's Housing Program through the Coordinated Entry system, they help them identify the kind of available housing that is optimal for them. Visit their website for more information.
